**RESOLUTION #84:**

On a motion by **Councilman Youngblood**, seconded by **Councilwoman Seaman**, the Town Board resolved to approve the Regular Meeting Minutes of June 14, 2016.

**Motion Carried: 5 Ayes ~ Youngblood, Wood, Seaman, Eddy, Shepler**

**PRIVILEGE OF THE FLOOR:** The following people spoke: **Keith Parent, Winefred Martin, Sally Jo Wallace, Mary Eddy, Marilyn Youngblood, Joyce Eddy, James Desourdy and Laurona Dibble**

**CORRESPONDENCES:** None

**Committee Reports:**

**Councilwoman Gail Seaman:** Attendance was low at Gleaning because of the Holiday. Otherwise everything is going fine.

EMS Report – attached – They are looking for volunteers. Many local EMS are struggling for volunteers. Anyone interested please contact **Steve Emerson**. Lighting the Way campaign is going and anyone wishing to get the lights please contact them.

**Councilman John Youngblood:**

The Highway is mostly cleaning up after the last storm. There were a lot of trees down and they had to do a lot of grading and raking of some of the dirt roads from the storm. They have the box off of the truck that is waiting for the new box and are getting ready to sand blast and paint it. It will then be ready for the installation when the box arrives. They have been busy crushing gravel and screening sand for the winter. Unfortunately the shaft on the crusher has broken. They are looking into options. Questionable if it is worth fixing. The crew has done a nice job keeping the field looking nice for the concerts. The shaft had been replaced 2 or 3 years ago. The concerts have had good turn outs. The second concerts had almost 80 people. Next week is Big Fez and the Surfomatics and the week after is square dancing.

**Youngblood** wanted to make a comment: He had been approached a few months back by a gentleman. He had followed a town employee and kept track of where and when he went and asked, "Why are we paying all this mileage?" The town employee was in fact off the clock. There had been several other complaints about the same thing. **Youngblood** just wanted to say "I think we can do better than that."

**Councilwoman Shepler:**

Youth Committee. A very big thank you to Don and Nancy Decker for their tireless effort and dedication for repairing and painting the youth building. I also would like to say thank you to Bob Shepler and his crew of 'merry men' for moving the furniture and pool tables.

**SUPERVISOR'S REPORT:**

**OLD BUSINESS:**

The summer concerts are going well.

Spent a lengthy amount of time today going over brokerage firms for health insurance for the county. It was interesting because we will be doing our insurance shortly.

Previously we had talked about the WPIQ Grant and applying for that in an attempt to get some money to go towards the paying on the hill. The Regional Development Grants had all the folks come in to talk about all the grants

available. We learned that the State will not be issuing contracts until next year. If we did work now we may not be eligible to be reimbursed. Not worth dedicating time to for the grant if we will not be reimbursed or have to wait until next year to do the work.

We had several meetings about EMS. WE are looking at solutions for a number of squads in the county are struggling. It is a man power issue. It is difficult to come by folks who have the training. The state is looking to increase the training required. Struggling to get ALS Techs for the Ambulances. It is 2 to 4 years worth of training The ALS Techs are going to places where they get paid for it. There will be more forthcoming from the county.

The board knows that we had received a summons regarding a lawsuit. It has been referred to the town attorney.

Changed my Deputy Supervisor. Susan Shepler is the new Deputy Supervisor.

Received a letter yesterday from the government. By 2019 they are going to run out of phone numbers in the 518 area code. The state is weighing two options. They could draw a line one area 518 and the other would get another area code. The other option is overlaying another area code in the area. The overlay is the one being recommended. So every time you want to make a call you have to dial the area code and the number. There will be public hearings on this. There will be a meeting July 26<sup>th</sup>, 2016 at Crandall Library at 5:00 pm. about the area code issue. The information will be given at 5 and public comments will be taken at 6 pm. The Warren County EDC sent out a press release.

**OLD BUSINESS:**

IT Services – We rejected the bids last month. Everyone had received a new proposal. Hopefully we will receive more IT Service proposals.

Copier contracts: Some folks came into to look at them. Three were received from Repeat Business; National and Seeley all are competitive and excellent quotes. I pulled

out the budget and looked at where we are. I recommend that we stick right where we are for now because of the phone purchase now is not a good time to purchase a new copier.

A few people have requested that we look into moving to a sole appointed assessor. I did chat with both Thomas Birdsall and Susan Baker about it already.

Mr. Groff did give me a call. We had talked about it but never formally did anything about it. Are we going to pay r Mr. Groff retroactive for January, February, March and April bills. He did pay those.

**RESOLUTION #85:**

On a motion by **Councilwoman Seaman**, seconded by **Councilwoman Shepler**, the Board resolved to pay Joseph Groff retroactively for the January, February, March and April utility bills he had paid.

**Motion Carried: 4 Ayes ~ Youngblood, Wood, Seaman, Shepler**

**1 Nay ~ Eddy**

**Councilman Eddy** said he had sent an email asking who it operating the Whitespace? According to the court proceedings we had someone running it. **Supervisor Wood** stated that the town is operating it. We do not have an operator. **Councilman Eddy** asked who is connecting people. **Supervisor Wood** stated that there was a waiting list of people to be connected until we can bring an operator on board. **Councilman Eddy** asked if there had been an advertisement to bring an operator on board. **Supervisor Wood** stated we have interviewed a few firms, we have recommendations from the state on Women Minority Owned Businesses and are starting there. **Councilman Eddy** stated that it did not include him, he had no knowledge. Discussion ensued.

ITEMS OF INTEREST: Summer Concerts.

Thurman Town Board Members,

Attached you will find the run totals for June 2016. We handled a total of 4 calls in town. 1 of the calls was a BLS lift assist only, and 3 were ALS calls. Our average response time to being on scene was 16  $\frac{3}{4}$  minutes. Johnsbury EMS also covered a call in town as we were already out on another call.

**HELP NEEDED!** Warrensburg EMS strives every day to provide excellent and timely care to those that need our services.
